**The next Flower Show in Borgue will take place on Saturday 17<sup>th</sup> August 2019.**

As usual, there are a few things to note in the schedule:-

- The 'most outstanding garden' is judged in mid-July, so if you are keen to enter, please complete an entry form and submit it to the Entry Secretary by the *end of June*, using the class number G1. Don't forget to add your membership fee! Any later entries at the time of the show can easily be added to your form.
- The title for the Open Floral Art is 'Out of the World...', in a nod to the local expression that ends with ...'and into Borgue!'
- the Lady Claren Hope-Dunbar Cup will be awarded to the best exhibit in the 'Gladioli' cut flower classes,
- for bakers, the cake for 2019 is a coffee and walnut cake,
- as advised in last year's schedule, the theme for the related photographs is 'Seasons' and the requirement is again just two photographs.
- **2019 sees the return of the President's Challenge, with a fantastic prize of £50 to the grower of the heaviest marrow.** Open to all, this was a well-supported competition when last held and we look forward to admiring a handsome display in August. Why not have a go?
- and finally, we are also offering a special prize for the miniature gardens in the Under 18 classes.

## **When to bring your entries**

You will need to complete an entry form and to have a competition label to attach to each entry. (Maximum of two entries per class.) An entry form is available [here](#) or in the Show Schedule.

Entry forms may be brought to Borgue Village Hall and competition labels collected at the following times:

Wednesday evening before the Show:	7 – 8.30 pm
Friday evening before the Show:	7 – 9 pm
Morning of the Show:	7 – 9 am

Postal entries can be sent to the Entry Secretary by Tuesday before the Show. The membership fee of £2 should be included with payment.

Exhibits should be brought at 7 – 9 pm on Friday 16 August 2019 or at 7 – 9 am Saturday 17 August 2019.

In order to give the stewards time to ensure the displays are ready for judging, **entries need to be placed by 9 am on Saturday morning.** This is slightly earlier than in previous years.

## **Where to put your entries?**

As from 2019, the Home Industry, Photographs and Under 18 baking and handicrafts will be displayed in the Back Hall and all the classes of flowers and pot plants will be in the Front hall. A marquee outside the front of the Village Hall will house the vegetables. This will not be secure on the Friday night, so for peace of mind you may wish to bring your entries on the Saturday morning.

## HINTS AND TIPS

### Hints and Tips for Exhibitors

The important thing is not to be put off from entering. All are welcome, and even one entry is appreciated, as without your effort there will not be a show. The key is to enter for the fun and enjoyment of growing or making things of merit which can be shared and enjoyed with others.

It is important to understand what's required e.g. number of stems, type of flower, vegetable or container. Anything wrong will not be judged. Read the class specification and rules of the show. Ask if unsure.

**Allow time to stage your exhibits as well as possible and to complete your entry labels, attaching them firmly to your items with tape or a staple.** The following points may be helpful.

#### **Flowers, Foliage and Plants:**

The judges take note of colour, form, condition, quality and freshness of the flowers on display: the vase may be viewed from all directions. Exhibits should, wherever possible, be free from damage due to the weather, pests and disease. **Pot plants** should be cleared of debris and any dead parts. **Dahlias** should be circular with closed firm centres: the type of bloom should match the class description. **Gladioli** should ideally have an erect spike with one third in full bloom, one third in colour and one third in green bud. **Roses** should be presented with petals regularly arranged in a circular outline with a well-formed centre. **Sweet peas** should have strong stems with, ideally, 4 well-spaced blooms on each.

#### **Vegetables:**

To distinguish home grown from shop bought, exhibits are in general displayed with stalks/roots attached. Size is not the overriding consideration: the judges will also take account of shape, colour, condition and, where appropriate, uniformity. **Beans** should be straight, a good green colour and with no outward sign of the seeds. **Beetroot** and **turnips** should have an undamaged tap root, and be about tennis ball size with a smooth, clean, uniform skin. The tops should be cut off to 75mm (3") and tied with raffia or string. **Carrots** should be of good shape, colour and equal size with clean skin and no side roots. Treat the tops as for beetroot. **Courgettes** should be shapely, 100-150mm (4-6") in length and well matched. **Cucumber** should be fresh, green and straight with uniform thickness. **Lettuce** should have any damaged leaves removed and the roots cut off. **Onions** and **shallots** should be of even size, the roots trimmed and outer papery leaves removed; so that they sit up straight, onions are often placed on a wooden/cardboard ring and shallots on a paper plate in dry sand. Tie tops at the thinnest part of the neck and cut immediately above.

#### **Fruit:**

Where possible, display with stalks attached. **Rhubarb** should be fresh, straight with a well-developed red colour. The leaves should be trimmed back to 50mm (2") and the stem tied at both ends with raffia or string.
